## Manchester to Hadfield and Glossop

# Northern

This booklet shows the complete train service between Hadfield/Glossop and Manchester.

## How to use this timetable

-  Turn to the page showing the direction of your journey and the day of the week you wish to travel.
-  Look for the station you will be departing from in the left hand column.
-  Read across the page until you find the time most convenient for you to catch the train.
-  Read down this column, looking to the left to find your destination station. This will give you your arrival time.

### 24-hour clock

This timetable shows all times using the 24-hour clock in order to avoid confusion between morning and afternoon services. Using the 24-hour clock 1am becomes 0100 hours, 2am becomes 0200 and so on until midday, which is 1200, then 1pm becomes 1300, 2pm becomes 1400, 3.30pm becomes 1530 and so on.

## No Smoking

Please remember that smoking is not permitted on stations or on trains.

## Before you board the train

At staffed stations you must have a valid ticket or pass for your journey. This is a legal requirement which applies when the ticket office is open. When boarding at unstaffed stations, you must buy your ticket on the train unless you already have a valid ticket or pass.

## Buying your ticket

You can buy your ticket from station ticket offices, quickfare ticket machines and some travel agents. If your journey starts at a station where no staff are in attendance, you can buy your ticket from the conductor on the train.

**It is your responsibility** to buy a ticket for the journey you are making. Northern has a 'zero-tolerance' policy on people who avoid paying fares and you risk prosecution if you travel without a valid ticket or pass.

## Customers with Disabilities

Northern aims to make its services available to all, including those with disabilities or restricted mobility.

## Mobility Scooters

We cannot accept any type of mobility scooter for travel on our trains, unless it can be folded and carried on board (similar to a piece of luggage), due to restricted manoeuvrability and stability.
